No issue with extending it until the end of AUG 2018.

Jay,
 Please extend the service call request period of performance for the document bldg/workshop sink removal. I would recommend end of August. If you cannot, then please cancel and I'll resubmit in the future when we have a better timeframe from Reg 5 and I know when the EDDP contractor needs it to perform their tasks. Let me know if you have any questions.

Thank you!
 Dave

Hey Jeff,
 Understood. Couple questions:

- 1) Do you need the sink?
- 2) When is the current move plan estimated?

I will need to pull the sink drain for EDDP. Can you live with only the spigots?

Thanks for your feedback!

R,
Dave

Good Morning Dave,

Request that our water supply to include hot water heater remain operational until we officially move to Ann Arbor.
